

It's Time to Go to School!

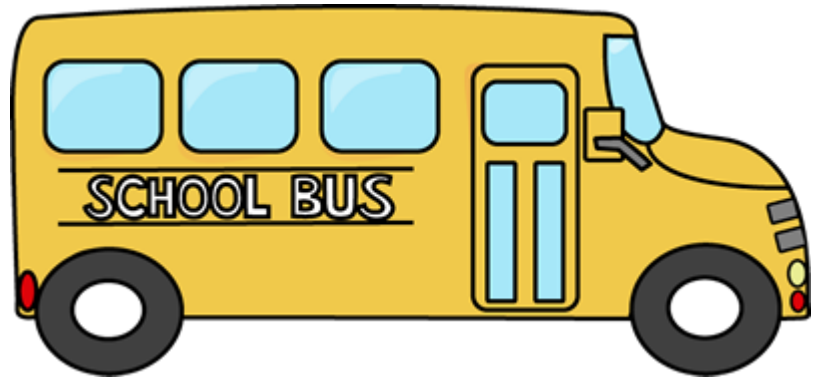

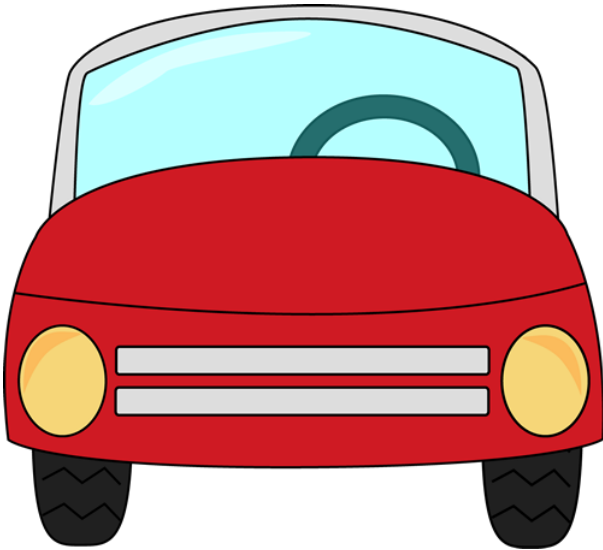

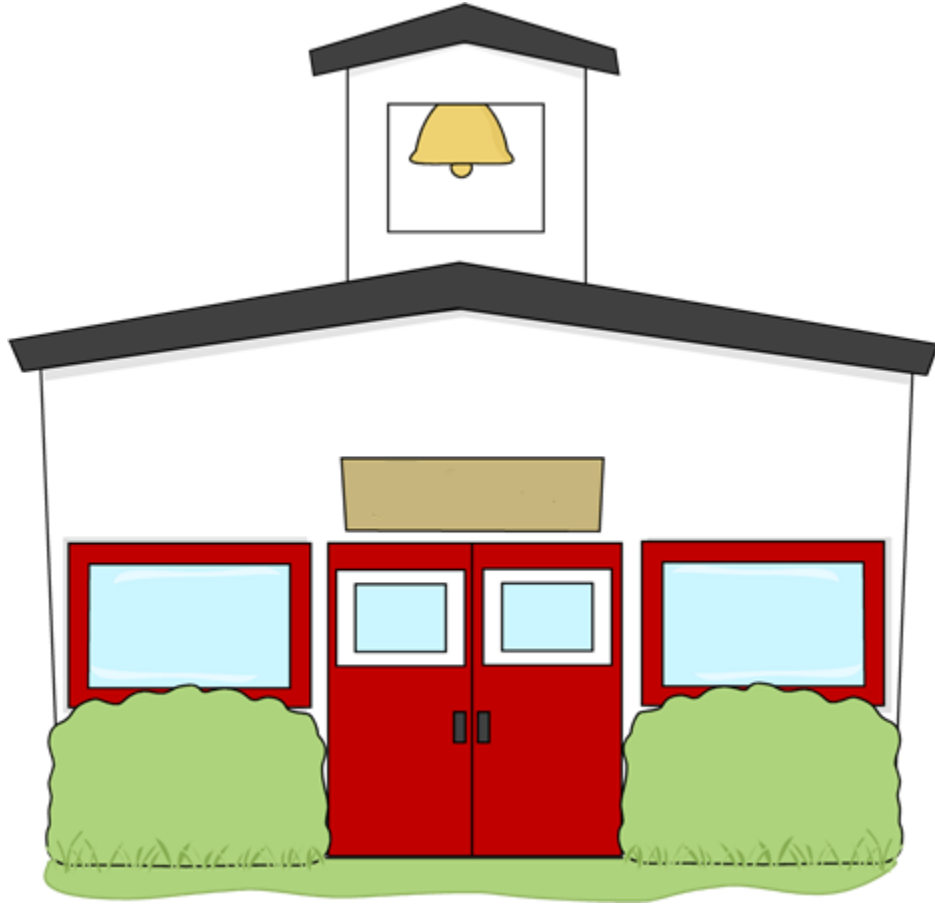

It's morning! Time to
wake up and get out of
bed.

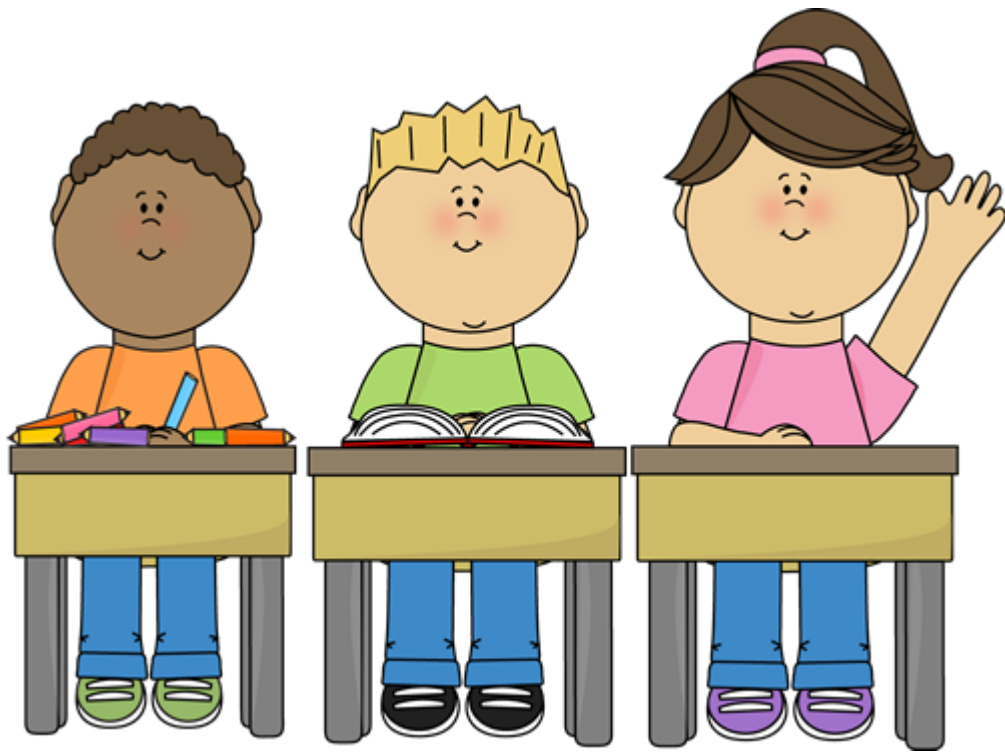

I get myself ready for school. I eat breakfast, I brush my teeth, I change into my school clothes.

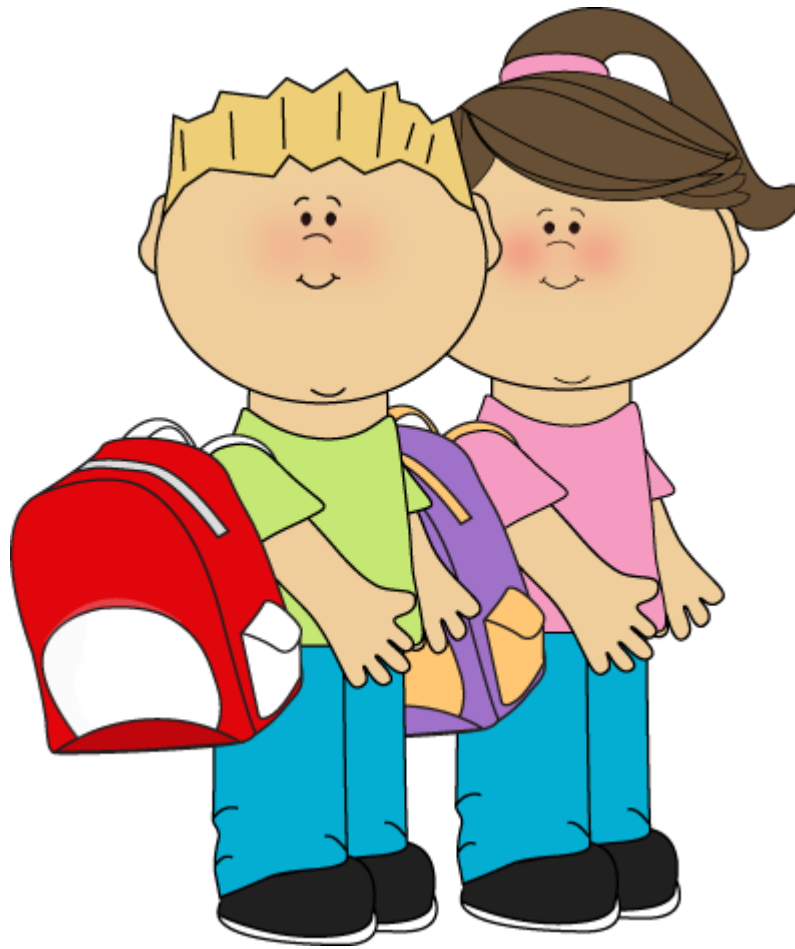

Time to go to school! Some moms and dads drive their kids to school. Some kids take the school bus!

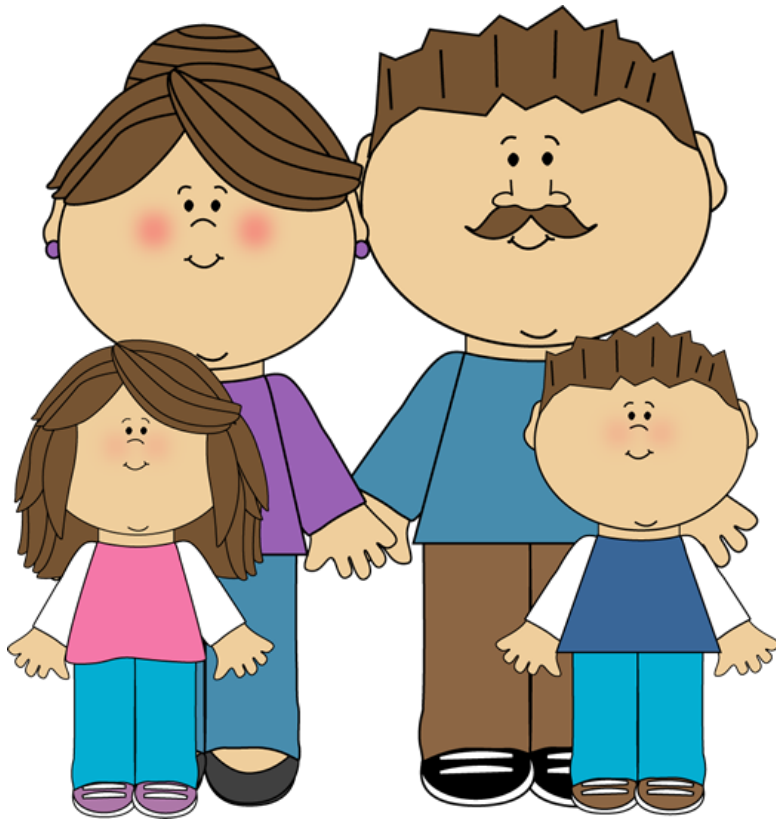

We are at school! I am so happy to see my teachers and friends.

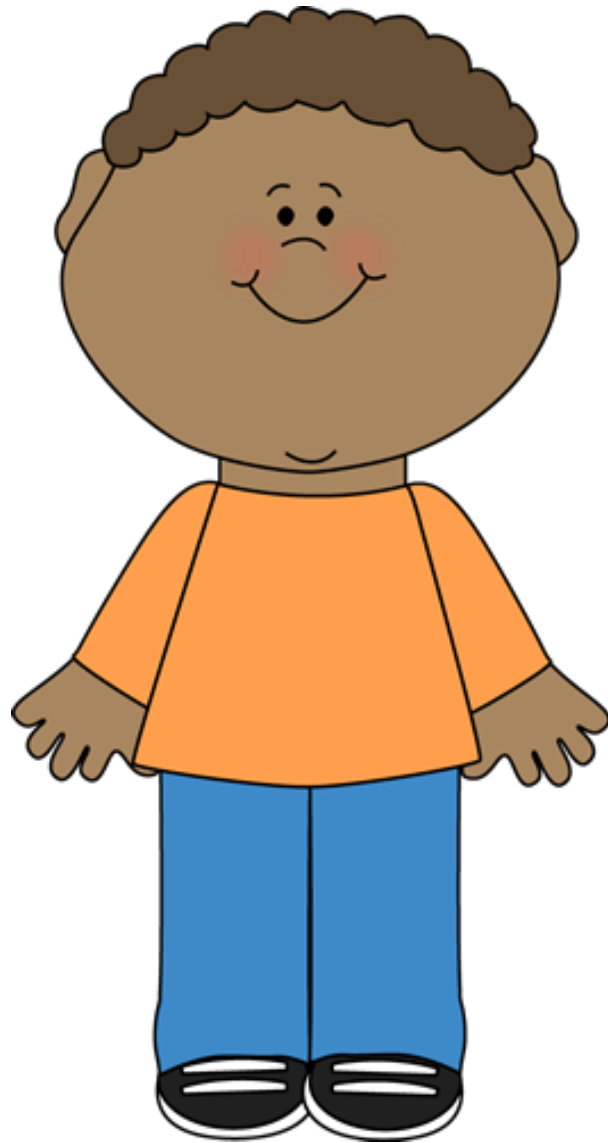

I will learn lots of new things at school. Mom and Dad can't wait to hear about my day when I get home after school.

When school is over, I will pack my backpack and get ready to go home.

I am home after a great day at school. My family is happy to hear all about what I learned!

I am happy because I get to go back to school to learn even more tomorrow!
